CO-OP MINING COMPANY'S	:	THE RECORD IN THE
BEAR CANYON MINE,	:	INFORMAL HEARING
EMERY COUNTY, UTAH	:	CAUSE NO. ACT/015/025

---oo0oo---

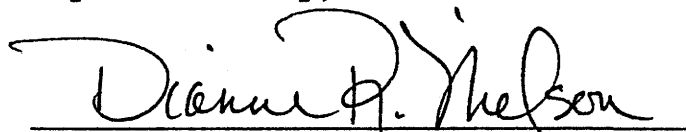

On February 5, 1991, the Division held an informal hearing regarding the above-captioned matter. At the conclusion of that hearing, the Director provided additional time for the parties to supplement the record and respond, such that all supplemental information would be filed by 5 p.m., February 15, 1991, and any response to new information would be filed by 5 p.m., February 25, 1991.

Darrel Leamaster, Castle Valley Special Service District, contacted the Director on February 8, 1991 requesting that the date for submitting supplemental information be extended ten (10) days due to schedule conflicts and insufficient time for preparation of filings. Carl Kingston, Co-op Mining Company, when contacted, supported the time extension in order to conduct technical work. Menco Coppinga, North Emery Water Users Association, also supported the request for extension.

THEREFORE, the schedule for filing of supplemental information by the parties is extended until 5 p.m., February 25, 1991, with an extension for response to new information until 5 p.m., March 7, 1991. All documents will be filed with the Division at its Salt

Lake City Office, with copies provided by the respondent to all parties.

ISSUED this 13th day of February, 1991.
